Work Aid

Step 3:	Step 4:
Respond to the Duo authentication prompt	When prompted, click update password
 <p>The screenshot shows a mobile browser interface for a Duo authentication prompt. At the top, the time is 10:22 and the address bar shows '6a5c.duosecurity.com'. Below the address bar is the Davis Construction logo and a 'Settings' button. A dropdown menu shows 'Device: iOS (XXX-XXX-3046)'. Three green buttons are visible: 'Send Me a Push', 'Call Me', and 'Enter a Passcode'. A blue banner at the bottom of the prompt reads 'Pushed a login request to your device...' with a 'Cancel' button. The bottom of the screen shows standard mobile browser navigation icons.</p>	 <p>The screenshot shows a mobile browser interface for a password update prompt. At the top, the time is 10:22 and the address bar shows 'login.microsoftonline.com'. A grey dialog box is centered on the screen with the text: 'The password in your iCloud Keychain for "bharrington@davisconstruction.com" on "login.microsoftonline.com" is different. Do you want to update it?'. Below the text are two buttons: 'Update Password' and 'Not Now'. The bottom of the screen shows standard mobile browser navigation icons.</p>
